

MAGNUM WHEELS

"Serving the Nation"

Heavy Duty Cold Rolled Steel V-Groove and Pipe Wheels

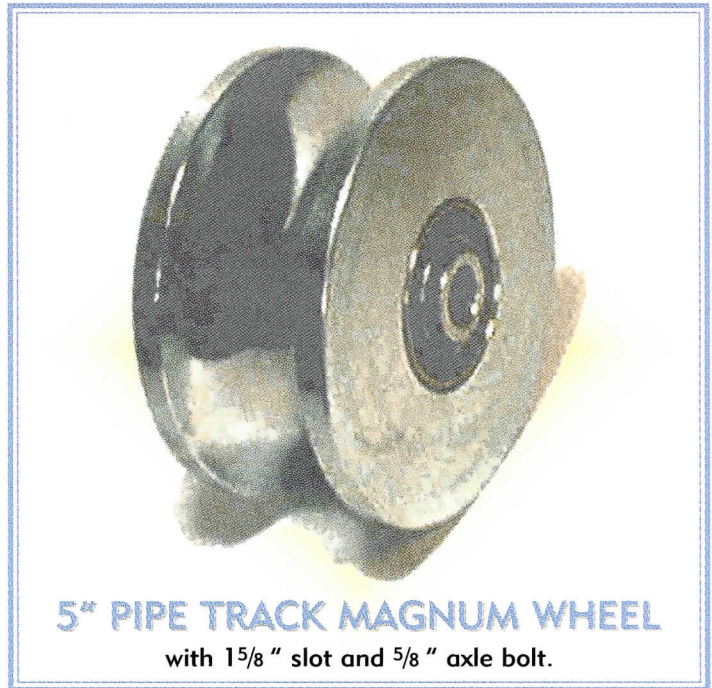

FEATURES:

- ✓ Heavy duty packed and sealed bearings that never need lubrication.
- ✓ Cold rolled steel hardened to **ASTM Rockwell 48** specifications.
- ✓ Ideal for large or heavy gates and cantilever gates.
- ✓ The perfect replacement for those bothersome malleable pot metal wheels that are always wearing out.
- ✓ **5 YEAR Limited Warranty**

The smooth operation of the *Magnum Wheel* means less wear and tear on the gate operator, sprockets and chain.

Magnum Wheels will last and last and last . . . which means less maintenance and expense for you.
